Instructions	1
1 Problem 1	1

Instructions

This very short “homework” is meant to expose you to the R Markdown format. It will be submitted but not graded. Before starting this assignment, please complete the setup described in Section 1 of [getting-started.pdf](#). Then, follow the steps described in Section 2 as you work through this homework. Please submit your completed PDF to [Gradescope](#) as described in the aforementioned document.

1 Problem 1

Evaluate the sum of 2 and 2 using an R code chunk. Then, comment on the answer you obtained.

```
# R code here
```

Your answer in bold.
